

Degrees

The Department of Food Technology, Engineering and Science teaches in **all degrees offered by the School of Agrifood and Forestry Engineering and Veterinary Medicine (ETSEAFIV)**, besides the **Degree in Human Nutrition and Dietetics** (Faculty of Medicine) and **Degree in Mechanical Engineering** (Polytechnic School).

Subjects taught by FoodTech embrace fundamental fields for the Food industry, as Unit Operations, Food Technology and Engineering, Food Quality and Safety, Food Analysis, Nutrition and Dietetics, amongst other. To develop practical sessions, FoodTech counts on teaching labs on 2nd and 3rd floors of Building 2, and a complete Pilot Plant for Food Technology on the ground floor.

Degrees in which the department participates:

School of Agrifood and Forestry Engineering [<http://www.tecal.udl.cat/sites/Etsea/en/>] and Veterinary Medicine

- Degree in Biotechnolog [<http://www.biotechnologia.udl.cat/en/index.html>]
- Degree in Food Science and Technology [<http://www.cta.udl.cat/en/index.html>]
- Degree in Agricultural and Food Engineering [<http://www.geaa.udl.cat/en/index.html>]
- [<http://www.forestal.udl.cat/en/index.html>] Double Degree in Veterinary Medicine and Animal Science and Production [<http://www.doblegrauvetcpa.udl.cat/en/index.html>]

Faculty of Medicine [<http://www.tecal.udl.cat/sites/Fm/en/>]

- Degree in Human Nutrition and Dietetic [<http://www.nutricio.udl.cat/en/index.html>]
- [Double Degree in Human Nutrition and Dietetics and Physiotherapy](#) [<http://www.nutricio-fisioterapia.udl.cat/en/index.html>]

Polytechnic School [<http://www.tecal.udl.cat/sites/EpsNou/>]

- Degree in Mechanical Engineering [<http://www.graumecanica.udl.cat/en/index.html>]
